## SHORELAND ZONING PERMIT APPLICATION DECISION

Town Office received application: March, 2009

Applicant signed application: February 25, 2009

Applicant's name: Central Maine Power Company

Address of Property: Transmission lines throughout town. Peru Map # Various Lot # Various

This Application is:  X  APPROVED   DENIED

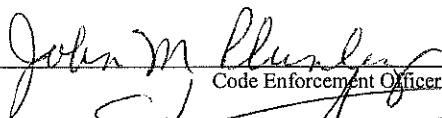

If APPROVED, the following conditions are prescribed: CMP shall submit to the Board a copy of all federal and state permits. Such permits may include, but are not limited to a DEP Natural Resource Protection Act and Site Law Permit, and U.S. Army Corps of Engineers Section 404 Permit. This permit shall not be valid until such time as all federal and state permits are submitted to the Board.

In accordance with Section 16.E of the Shoreland Zoning Ordinance, if no substantial start is made in construction within one (1) year of the date that this permit becomes valid (see above), the permit shall lapse and become void. Due to the nature and extent of this project, the Board hereby recognizes that a one (1) year timeline to begin construction within the Town of Peru may not be achievable. Therefore, the Board orders that, in order to expedite additional review of this project, at least sixty (60) days prior to the lapse of this permit, CMP shall submit a letter to the Board requesting that the permit be extended and certifying that all information contained in the original permit application is still correct, or if changes have been made, documentation outlining those changes to the application be provided.

Any person aggrieved by this decision may, within thirty (30) days, appeal this decision, in writing, to the Board of Appeals.

If DENIED, reason for denial: \_\_\_\_\_

Addendum to Shoreland Zoning Permit Application Decision

Applicant: Central Maine Power Company

Re: Upgrade of transmission lines throughout Town

Date of approval: March 26, 2009 (Planning Board) March 30, 2009 (Selectmen)

It was the intention of the Planning Board and the Board of Selectmen to approve the Floodplain Management Permit Application for this Maine Power Reliability Program project at the same time as the Shoreland Zoning Permit was approved on March 26, 2009 and March 30, 2009 respectively. Please consider this notification your formal approval of the Floodplain Management Permit Application.
